**ECHO HEIGHTS FARM**  
**GLAD NEWS**

Hello, Glad Folks!

Here we are again with our Price List and we hope you had such wonderful flowers the past season that you are all enthused to buy some more bulbs to keep up your interest.

Our flowers were marvelous but we had a short season on account of weather conditions. However, the bulbs were harvested when they were dry and were in fine condition to handle although they did not grow as large as usual.

You will notice we haven't changed our offers below although prices are mounting steadily. Cultural directions go out with the orders.

The flowers are grown by Sears H. Chamberlin, Memphis, N. Y., three miles east of Elbridge. Visitors are welcome.

**PLEASE READ BEFORE ORDERING**

No orders for less than \$1.00 will be accepted. On all orders from this list for \$3 to \$5 you may select 10% extra; \$5 to \$25, select 15%; \$25 to \$50, select 20%.

All orders from this list shipped prepaid. We give a premium bulb with all orders. It would help if you could send a list of those you would like in case we are out of some kinds. We will reserve the right to fill in your order with the sizes we have if necessary. Our mailing address is

MRS. F. O. CHAMBERLIN,  
Jordan, N. Y.
